DISCOVER

The factory is a rare and wonderfully preserved example of Victorian engineering.

Experience a time capsule, with its working machinery and unusual products - coffin handles and ornaments, linings and shrouds - left on the shelves and workbenches when the workforce set down their tools and left for the very last time.

UNUSUAL... QUIRKY AND AMAZING... NOTHING MORBID, JUST A PERFECT MUSEUM. THE GUIDING IS GREAT, GREAT VALUE AS WELL, PLUS THERE IS NOTHING LIKE IT I KNOW OF ELSEWHERE...
